

Hi! I'm Diana and I'm going to show you how you can practice more English and get more certificates.

Move down the page and you can see '1 point' next to each unit on the right side. Click it to see an exercise. The title is near the top. The instructions are numbered. Read all the instructions before you start. That way, you will understand clearly what you will do. Then follow instructions in order.

I'll show you Unit 1 as an example.

The title is Job Benefits.

Instruction number one says to look below where the video is and type your name, click Continue, then watch the video.

Instruction number 2 says to fill out the form. You can see the form asks for your name and email, and then asks you to write about a benefit you like and why you like it.

After, go back to instruction number one and do what it says. Type your name, click Continue, then watch the video.

Then follow the second instruction.

After you finish the form, click the red button to send the writing to me to check. If you do it correctly, you will earn one point.

After you do this for four units, you will earn a special certificate like this one.

Questions? Feel free to contact me, Diana.
