

Lesson 16 Extra Practice instructions

Hi! This is Diana and I'll show you how to do extra practice for unit 16.

Click 'America's Career Infonet'. Look in the middle of the page for 'Career Cluster Videos'. Look for a career area that you are interested in. For example, I'll choose human services.

Look at the careers and see if you find one that's interesting to you. For example, I'll choose rehabilitation counselor. You see a video. You can listen and also you can see the words that the person is saying. The video is about 2 minutes. You can always pause and repeat. Put your arrow on top of the button at the bottom of the video and move it back and start it again.

To make the video larger, click the box in the bottom right corner of the video. To make it smaller again, click 'Exit full screen.'

You can repeat the video as many times as you want. The vocabulary is a little difficult but I think you can get the basic idea by watching a few times. You can write down a few new words and look them up in a dictionary.

When you are finished watching, close the window to return to the LEAD website.

Bye for now!
