

Lesson 2 Extra Practice transcript

Hi! This is Diana and I'm going to show you how to do the Unit 2 Extra Practice Workplace Safety.

Click to go to the website and read the page.

After you read it, you will see 'Click here to read the story' in yellow. Click that, and a new window will open. Look at a clock and write down the time, and then start to read the story. When you finish reading, write down the time.

Then click the yellow words 'Click here to continue the story.' You will hear a teacher reading the story. When she reads, try to make your eyes look at each word that she is saying. That will help you read a little more quickly. It will be difficult, but please try anyway.

When you finish, click 'Click here to read again - 2nd reading.' Do the same thing - listen and make your eyes look at the words that she is saying.

When you finish, click 'Click here to read again - 3rd time.' And each time you do it, it will get a little bit easier for you.

When that's finished, click 'Click here to continue.' You don't have to do the exercises. Move to the bottom of the page and click 'Go to final timed reading.' Write down the time and then read the story. When you finish reading, write down the time and see if your time is a little shorter now than the first time you read it.

Click to close the window and click to close this lesson window to return to the LEAD ESOL website.

Any questions? Feel free to contact me. Bye for now!
