Click 'Rent or own a home?' and you can see the picture. Click to listen to the audio. The audio script is here the words they're saying. I recommend that you click the minus sign - to hide the script and first listen maybe two or three times and try to see what you can understand.

After click the plus sign + to see the script, read the script, and then listen maybe two or three times more and that way you can understand more.

To find out some of the vocabulary Click vocabulary and you can see definitions and example sentences.

You can also click for a vocabulary quiz. The words are here, you read the sentence, you choose the correct word that fits the sentence. Click in the box and type the word. Click check answers to see if you were right or not. You can repeat as many times as you want.

To return to the LEAD page you just close this window.
